

Hazguard Disposable Coveralls

Now Available in New Zealand

The Pro-Val Hazguard range of disposable coveralls / overalls is now available in New Zealand.

After continued success in Australia, we have expanded our Pro-Val operations to New Zealand and now have a range of disposable coveralls available from our Auckland warehouse. We offer same day despatch on most orders with next day delivery around the North Island, and 2 day delivery to the South Island.

Our Hazguard range consists of 4 quality disposable coveralls:

PP Disposable Coverall - Breathable single layer polypropylene coverall, available in white, blue or orange.

SMS Disposable Coverall - Breathable splash resistant triple layer coverall, available in white or blue - suitable for use with asbestos.

MP5 Disposable Coverall - Microporous water resistant coverall, available in white - provides chemical liquid and blood penetration resistance.

MP4 Disposable Coverall - Microporous waterproof coverall with taped seams, available in white - provides chemical liquid and blood penetration resistance.
