

# HommeY Cushions: We've Got Some Pretty Cushy News

A house isn't a home without a HommeY that's probably why we've managed to sell 1,000 cushions in just seven weeks. Although we have plenty of comfy places to rest on our laurels (that's a weird saying isn't it? I mean laurels are sticks basically - we'll stick to our fluffy cushion, see what we did there? OK moving on), we are constantly working on ways to delight our customers.

First, for our new comfort-seekers, allow us to introduce ourselves, we're HommeY; purveyors of cushy and comfy cushions. But we aren't a one-trick pony though we offer an extensive selection of options; choose the size - from quaint and cute to full-body, hide-in-during-a-rainy-day and everything in between. Choose the type of fabric...don't worry there's no wrong answer here, they are all addictively soft cloths like felt, velvet and boucle. Choose your shape; round, rectangular or square. And that's not even the extent of the options we offer, don't take a word for it, take a look at our great features.

We are very proud to have had our products featured in Real Living, Urban List, Broadsheet and MamaMia. But the thing that we are most proud of is our 99% positive customer rating! OK, I think that covers the introductions, so let's move on to the fun stuff we have in the works!
