

Insta-Famous Pets of Australia

These gorgeous and funny pets probably have more followers than you on Instagram!

This weekend South-East Queenslanders get the chance to spot one of their favourite 'Insta-famous' Pets at the Gold Coast Pet & Animal Expo. With over 30,000 people expected to attend, and plenty of pets, make sure to keep your eyes peeled for the local talent.

One of the Gold Coast's Insta-famous pets Sergeant the Bulldog has over 100,000+ followers on Instagram who love his wrinkles, big smile and barrel belly.

Sergeant loves being out paddle boarding and enjoying the Gold Coast.

Fella and Tidda, known to their fans as Doxies Down Under, are long-haired dachshunds.

The Benowa dogs are owned by Karan White and these furry models have more than 90,000 social media fans.

PetCloud will be scouting the expo for furry, feathery or scaly talent of all shapes and sizes.

Make sure to bring pet to the PetCloud stall this weekend, July 8th and 9th, and treat your pet like a star with hollywood glam dressup fun, plus great prize draws and giveaways.

And you never know they could be the next Insta Famous Pet!
