

Introducing Australia's latest at-home spa essentials collection...BATHEFEX!

The BATHEFEX range features a signature collection of Epsom Salts, as well as complimentary cleansing bars and me-time treatment masks to revive and nurture the skin. The range has been developed to celebrate the joy of bathing and its ability to transform the mind and bring welcome respite for sore muscles. Erica Galea, Chemcorp International Marketing Manager, the creators of the new Australian brand based in Sydney says, "BATHEFEX believes in the art of bathing, it is a ritual we live and breathe. We are excited to re-launch this brand into the market. They are affordable, readily available and contain sought-after ingredients, wrapped up in beautiful packaging". BATHEFEX Epsom Salts are the heroes of the brand – there are six Epsom Salt Bath products in the range, each with its own unique blend of essential oils, for various relaxation, recovery and wellness benefits + a soothing Foot Soak to relieve sore and tired feet. BATHEFEX has worked with local suppliers, to source ingredients including essential oil blends for its salts and is also working toward transitioning the rest of the range. The BATHEFEX product range includes: BATHEFEX EPSOM SALT BATH - BREATHE EASY 1.4KG - RRP \$12.99. BATHEFEX EPSOM SALT BATH - TUBEROSE + JASMINE 1.4KG - RRP \$12.99.
