

## ISACA Announces 2019 Slate of Events for Business Technology Professionals Around the Globe During its 50th Anniversary Year

Sydney, Australia (4 February 2019)—ISACA, a global association serving technology audit, assurance, governance and cybersecurity professionals, celebrating its 50th anniversary in 2019, announced its annual event schedule, which includes learning opportunities focused on emerging technologies, innovation, best practices and professional development. Disruptive technologies over the last 50 years and in the future of business enterprise, and the evolution of technology careers and ISACA professions, will be featured in conjunction with the ISACA anniversary year at nearly every venue. ISACA's growing Cybersecurity Solution Portfolio, including the CSX Training Platform and the CMMI Cybermaturity Platform, will be highlighted in new conferences in 2019, which will include events in North America and Europe. The 2019 CACS conferences, set for North America, Europe, Asia, Africa, the Oceania region and Latin America, will offer educational sessions in audit and assurance, big data, risk management, governance and more. All ISACA conferences include options for pre- or post-conference workshops for in-depth, hands-on training, programs in support of ISACA's SheLeadsTech™ initiative, and networking. ISACA's 2019 conferences and educational events are below. For a list of courses and the full schedule, visit [www.isaca.org/education](http://www.isaca.org/education). For IT professionals in the Asia Pacific region, Oceania CACS 2019 will bring together world class keynotes, panelists and delegates to share their expertise in cyber security, IT governance and risk and more. The theme of ISACA's 50th Anniversary milestone, the conference theme will focus on the areas that have brought the industry this far: the BA\*SI\*CS: Business Acumen, Strategic Innovation, and Cyber Security. Held at the SKYCITY Centre in Auckland on 11-13 September 2019, the conference will attract a wide variety of local and international technology professionals from Australia, New Zealand, Papua New Guinea and Asia. 2019 ISACA Events
