

ISG Names HCL Technologies a Leader in Digital Transformation Services

Company achieves leadership position across the US in report's 6 quadrants

Noida, India - June 11, 2019 - HCL Technologies (HCL), a leading global technology company, has been recognised by Information Services Group (ISG), a leading global technology research and advisory firm, in the ISG Provider Lens™ Digital Business Transformation Global Report for 2019. HCL has been rated for high performance in six categories that will help enterprises succeed in their quest for digital transformation. ISG commended HCL for its strong, deep in-house knowledge and capabilities in all areas of digital transformation, its access to a wide range of technologies, and its impressive ecosystem of partners, co-invested partners, and acquired companies. ISG named HCL as a leader in Enabling the Customer Journey, Digital Transformational Platforms (PaaS), Digital Product Creation & Customisation, Digital Transformation Services (aaS), Digital Continuous Delivery, and Digital Enterprise Operations. In addition, the report mentions HCL's DRYICE™ AIOps and ElasticOps Cloud Managed Services as providing the company with many ways to apply automation and gain operational flexibility. "Having successfully partnered on many complex digital transformation initiatives with customers across geographies and industries, we have developed strong viewpoints and tools to Scale Digital execution. The approach starts with re-thinking business processes and user interaction and then enabling these new business processes with modern composable platforms and data technologies available today, creating agility for changes that may come," said Anand Birje, Corporate Vice President – Global Head, Digital & Analytics, at HCL Technologies. "Our deep expertise in Human centred Design (XD), Integration Architecture (APIs/Microservices), AI, Automation, Data technologies with the ability to deliver in agile delivery model is why customers are choosing us as a partner in their scale digital journeys." "HCL delivers innovative and scalable solutions, together with clear process and organisational re-evaluation and transformation across all seven segments of digital business transformation we analysed," said Dr. Kenn Walters, Global Lead Analyst, ISG Research. "This is a consistent and significant result, and HCL should be justifiably proud." About HCL Technologies HCL Technologies (HCL) is a leading global technology company that helps global enterprises re-imagine and transform their businesses through Digital technology transformation.
