

Just Wines Awarded the Best Wine Retailer by Mozo Experts Choice Awards 2019

Recently Just Wines (Australia's 2nd Largest Online Wine Website) was awarded the prestigious Online Wine Retailer of the Year title and the Best Product Range in the Online Wine Retailer at Mozo Experts Choice Awards 2019.

About Mozo Experts Choice Awards

These awards have been recognised as a great platform to bring forth the products and services that offer great value to Australians. Not only do they analyse credit card, deposit accounts, energy plans, insurance and similar financial services but other products too that are used by people on a day-to-day basis. In July 2019, Mozo introduced Online Grocery Services awards that included various subcategories, one of them being the Online Liquor and Wine Retailer awards.

Says AJ Duncanson (Mozo money expert)—“Whether it’s a celebratory drink or a Sunday barbecue at the beach, Aussies love their alcohol. So, this year we’ve introduced the Mozo Experts Choice Awards for Online Liquor and Wine Retailers to help Aussies find the best places to pick up wine or a six-pack without having to leave the comforts of their sofa.”

Following tailor-made and tough judging parameters for each category, winners are announced after intense database analysis to ensure that the consumers get a great value on products. In order to find the best Online Liquor and Wine Retailer, judges analysed around 46,468 products listed on each of these websites (While doing this, different vintages and packaging options of the same product were excluded). Retailers requiring subscription or offering specialised one-day shipping were not considered as these features are often location dependant.

2019 Results for Online Wine Retailer Category

Just Wines was declared Online Wine Retailer of the Year primarily for an unrivalled product range in the industry. Owing to the same reason, it also won the 2019 Mozo Experts Choice Awards for Best Product Range in the same category. The website has over 6000 wines wherein one can find even the unique styles, making it stand out from the crowd.

The second and most important factor is the shopping experience. The website offers a clearly-designed menu that makes browsing easy. What adds to this are the excellent searching options and relevant filters. They also offer great customer service and a 100% Moneyback Guarantee. This means that in the rare event of dissatisfaction, one can claim a replacement or full refund of purchase.

With the festive season around the corner, we’re sure you can find great discounts too. For more details, visit <https://justwines.com.au/>. News Source: <https://mozo.com.au/expertschoice/online-liquor-and-wine>
