

# Kesem Health – Finalist, 2018 Australian Technologies Competition

Kesem Health is honoured to be a finalist in the 2018 Australian Technologies Competition sponsored by The Department of Industry Innovation and Science, MTPConnect, METS Ignited, AustCyber, NERA and FIAL.

Kesem Health is honoured to be a finalist in the 2018 Australian Technologies Competition sponsored by The Department of Industry Innovation and Science, MTPConnect, METS Ignited, AustCyber, NERA and FIAL.

Kesem Health is one of the top 9 incredible finalists that have been handpicked by the ATC Judges; earmarked as possessing some of Australia's greatest global potential. Kesem are the 'survivors' following 199 applications and 34 semi-finalists during 2018.

The Competition serves to recruit, mentor and promote Australian's most promising technology start-ups and scaleups across a wide range of industries.

Kesem Health developed and is commercialising the iUFlow™ solution to improve, simplify, and reduce the cost of the diagnosis and management of Lower Urinary Tract diseases including Benign Prostatic Hyperplasia (BPH), Overactive Bladder (OAB), and Nocturia.
