

L7 Solutions awarded EMC's Western Australian Partner of the Year!

West Australian owned IT consultants and integrator L7 Solutions took out the honours as EMC's Western Australian Partner of the Year at the recent EMC Velocity Partner Summit in Sydney. The award recognises partners for Annual Revenue, Growth % and innovation.

Moving from strength to strength L7 have compiled an impressive background with EMC; being appointed an EMC Signature Partner in early 2010, ranking number one in terms of WA market share for EMC in 2009 and 2010, completing specialisations across the "Unified Storage" and "Backup/Recovery Systems" product sets, recently becoming the first West Australian Integrator to achieve VCE status and are currently the only training provider in Western Australia to resell EMC Training.

As a EMC Signature partner L7 enjoys the highest level of partner resources and passes this expertise on to its customers in its many forms.

"Winning the WA EMC Partner of the Year Award is testament to the commitment L7 has made to EMC and the effort we have invested in our Data Centre Practice, which is one of the fastest growing areas of the L7 business" said Matt Sullivan, L7 Solutions CEO
