

# Legal and consulting firm, Peripheral Blue, shortlisted for MyBusiness Awards 2020

Boutique Adelaide-based legal and consulting firm, Peripheral Blue, has today been named as a finalist in the MyBusiness Awards 2020 for Wellness Program & Initiative of the Year.

The MyBusiness Awards is the benchmark for excellence in Australia and the largest independent awards program celebrating SME business owners and professionals.

Award recipients represent a true cross-section of the SME industry, recognising the best of the best, highlighting and celebrating the outstanding achievements of winners.

The finalist list, which was announced on Monday 9 November, features over 250 high-achieving individuals and businesses across 30+ submission-based categories.

"This year's MyBusiness Awards carry more weight than ever, given the unparalleled hardship small- to medium-business owners have experienced since the onset of 2020," said MyBusiness editor Maja Garaca Djurdjevic.

"That is precisely why we feel honoured to have this opportunity to celebrate business owners and shine a spotlight on those that have gone above and beyond to keep their businesses running and offer outstanding service and support to their customers and the Australian community at large.

"We would also like to take this opportunity to thank everyone for their continued efforts. We wish you all the very best and look forward to celebrating your achievements in December."

Peripheral Blue Founder and Managing Director, Mellissa Larkin, said that she was humbled to be recognised and proud to be named as a finalist in the MyBusiness Awards 2020.

"The events of 2020 have highlighted the need to prioritise building and supporting healthy teams. I am passionate about advocating for wellness in the legal industry and I'm proud to have built such a healthy team environment at Peripheral Blue. We're deeply committed to fostering a culture that supports wellbeing- of our team members and our clients. So I'm really grateful to have our efforts recognised in this way."
