

## LG Magna H502 Dual SIM – The Budget-friendly Android Smartphone Featuring 5.0-inch Screen, Quad-core CPU, 8MP Rear and 5MP Front Cameras!

Now available unlocked and online

LG Magna is the latest Dual-SIM smartphone from LG that brings you several awesome features at an amazing price. Boasting a stylish design with rounded corners, the handset combines a 5.0-inch IPS LCD capacitive touch display with 16M colours, 1280 x 720 pixels resolution and a 294ppi pixel density.

In terms of processing power, the new device features a Quad-core 1.3GHz Cortex-A7 processor together with 1GB RAM installed on Mediatek MT6582 chipset. The Google's Android OS v5.0.1 (Lollipop) comes preloaded on its 8GB internal ROM with memory expansion up to 32GB via microSD card slot.

The smartphone comes equipped with an 8MP camera with LED flash that takes nice shots and can record 1080p videos at 30 frames per second. Moreover, the 5MP front-facing snapper is also there for some great self-shots and enables video calling with your loved ones.

Other important specs to note are – Wi-Fi connectivity, Bluetooth v4.1, Mali-400MP2 GPU, Multi-touch functionality, proximity, accelerometer, speaker, compass, 3.5mm stereo jack, FM radio with RDS, microUSB v2.0, HTML5 browser and a Li-Ion 2540mAh battery.

The LG Magna is now available in stock and can be purchased online from Yatango Shopping with full local warranty and support.
