

LIMITED-TIME TULIP DELIVERIES HAPPENING ACROSS MELBOURNE AND SYDNEY

Tulips on the bulb, dug to order, ready for you to love and nurture at home

Need a little winter pick-me-up? The team at Bloombox Co have just launched their deliveries across Melbourne & Sydney. For a limited time, they'll be sending tulips on the bulb, dug to order, direct to consumers' doors. While these bulb-beauties are a limited time offer, those lucky enough to snag a bunch will receive long-time benefits as the tulip bulbs can be re-planted and enjoyed all over again in years to come.

Long leggy tulips stay farm-fresh for longer as they continue to grow, sans soil! Bring the outdoors indoors with the ultimate statement stems, which you can watch root for you once you've popped into water and a glass vase.

Once the flowers die off you can cut back the growth and air-dry the bulb, ready to plant again in two seasons. You know what they say – "To plant a garden is to believe in tomorrow".

With minimal waste and a low environmental footprint, treat yourself to tulip joy with Bloombox Co.

Kiss my Tulips!
