

Live 1-day building event: see Scandinavian 2 bed house built fast

Sustainable and efficient building system

Architects, owner-builders, licensed builders and anyone looking for a new and speedy ways to build are invited to YZY Kit Homes Ourimbah Display Village on Friday 23 April 2021 between 9am–4pm to watch a live build of the two-bedroom Madeira.

During this free all-day building event, attendees will see the latest addition to the display village built before their eyes. The stylish and flexible Madeira design will be built onto a prepared base by the team from Custom Creations. The build will take 4 days in total, with the framing including the walls, windows and doors completed during the live event. The roof will be installed on day 2, and during days 3 and 4 the cabin will be finished to lock up stage, ready for internal fit-outs.

Building details: Madeira 2 bedroom

The live build is an exciting opportunity to discover the steps involved in the speedy prefab building system that allows a quality backyard cabin to be built in a matter of days, not months. Attendees can also learn more about the materials used and how they play a vital role in minimising waste on site.

As a result of the pandemic, over the past 12 months there has been a rapid increase in demand for backyard cabins as families adapt to a different way of living. As founder and director of YZY Kit Homes Lina Urbona explains, there is a huge opportunity for builders around Australia to join the network.

“Families are looking to add flexible spaces where they can work and study, but the wait lists are getting longer. Builders who join our network can tap into these enquiries instantly. And the live build demonstrates how fast and easy our kit homes are to build.”

The new Madeira cabin will join 7 other display cabins at the large Ourimbah Display Village. Each is fully furnished showcasing the many design possibilities and uses for these versatile cabins. The YZY team and their builders will also be on hand to answer any questions on the day.

Ms Urbona hopes the live event will help spread the word about this fast, innovative and cost-effective way to build. “With YZY Kit Homes you can complete your project in fraction of the time, at a lower cost, with the highest quality materials.”

The event will take place on Friday 23 April, 2021 at Ourimbah Display Village, 4 James Graham lane (corner of the Pacific highway), Ourimbah, NSW, between 9am and 4pm. All welcome.

Leave your details in the form below to get notified of any changes. We will email or text you the updates. You can also add the event to your calendar and also follow us on Facebook.
