

## M.A. Cross Plumbing Celebrates 30 Years of Professional Excellence

Cross Plumbing is a plumbing service offering unmatched plumbing service to customers in South Brisbane and Logan City.

M.A. Cross Plumbing has experienced a variety of landmarks in its long history of service, the most recent of which is celebrating 30 years as a member of the Master Plumbers Association of Queensland. The company specializes in traditional and thoroughly modern and sustainable solutions.

M.A. Cross Plumbing is an expert in the triad of plumbing, drainage and roofing needs. Situations can encompass any or all of those three elements, all of which the company is well-trained to alleviate. The company's specialists are also trained in Green Plumbers techniques for customer savings that reduce environmental impact encompassing solar and hot water systems, waste water management, and water audit assessments.

When clients need a plumber Logan, they can count on M.A. Cross Plumbing for prompt service for emergencies that include plugged toilets that present a substantial health hazard, the repair of broken or leaky water pipes, and leaking water heaters. Damage from leaks often exists long before they're discovered and can result in significant damage to multiple areas of a structure.

The company's services range from grey water and storm systems to water pumps. The company experts perform plumbing and drainage for renovations, new home construction, and commercial usage. The plumber in Logan is trained in roofing, guttering, leaf free gutter systems, and general maintenance of systems and services that can also affect basements and foundations.

Systems can break down for any number of reasons and Michael Cross, owner of M.A. Cross Plumbing, has been responding to emergencies of all types for almost 40 years. Even ordinary water taps can present complicated problems. In many instances, repair requires more than a simple change out and can mean reworking of the setup.

The plumber in Brisbane has established and maintained the high standards of excellence required to be a member of the Master Plumbers Association of Queensland for 30 years. The company offers free no-obligation quotes and is committed to providing modern, environmentally friendly solutions for residential and commercial projects in the Southern Suburbs of Brisbane.

About M.A. Cross Plumbing Michael Cross is able to assist you with products and solutions that best fit your needs. We are fully qualified trades people and we are here to offer you sustainable solutions while delivering quality workmanship and expert advice. We've been a member of the Master Plumbers Association for 30 years. We were sponsors of the first Sustainable House Brisbane built at Seventeen Mile Rocks in 2007.
