

Mac Deshpande joins Star Business Solutions expanding Melbourne Team

Star Consulting team expands to cater for growth

Star Business Solutions is pleased to announce that Mac Deshpande has joined our Melbourne team as a System Consultant. Business growth has necessitated an increase in consulting resources to cater for existing and future demand. Mac is a fully qualified Chartered Accountant with in excess of 15 years experience working in both Chartered and CPA environments providing accounting, tax, audit and investment advice. Following his practice work Mac moved to accounting software systems where he gained experience working both for private companies and not for profit organisations. Since 2007 Mac has been a Support Consultant providing general support and training to a large number of clients, primarily those with a professional accounting background. Mac also holds degrees in Business and Commerce and is a qualified trainer. Mac's accounting, general business and consulting experiences combine to enable him to provide excellent support to our clients. Previous experience in following Financial Accounting / ERP packages:

Finance One

MYOB

Quickbooks

Peachtree

Tally

FoxPro

SAP ERP & FI
