

Mother's Day Special! Prints On Glass Offers a Great Discount on Glass Prints

Surprise your mother with your photo on a glass print on this Mother's Day

Millions of people in Australia wait for that special day in their lives that comes every year with the excitement and fun. It's the Mother's Day!!! There are some dates in the year that people won't like to forget, and the Mothering Sunday is one of them (falls on every second Sunday of May).

People take their mother by surprise when they gift the most special person in their lives a bouquet of flowers, a card, or a present.

Well, there are many fascinating gift ideas to surprise that special lady with, besides showing love, appreciation and gratitude to the mother for all she does. If there's one thing that will sweep a mother off her feet, it has to be a glass print. Stunning and unforgettable in every sense, these glass prints are a perfect gift for any mother in Australia.

Prints On Glass is one such company that has been serving people all over Australia (mainly in Melbourne, Sydney and Brisbane) with lovely glass prints that can leave anyone stunned with their special effect.

All glass prints come equipped with concealed mounts, fixings and instructions for installation. They are a premier and highest rated company in Australia that implement the up-to-the-minute technology for manufacturing glass prints.
