

NEW Paws and Pubs Experiences

Dog Friendly Experience - Supporting Tourism

**GOURMET
PAWPRINTS®**

Our NEW Paws and Pubs Experience brings together a day wandering scenic walking trails and finishing with a great pub lunch. Bella The Dog Welcoming Bus will chauffeur you to a mystery destination - and oh how much fun it will be to find out on the day where we are going!

So much more than just a walk and lunch, our boutique adventures are a way of connecting with friends, nature and our beloved pooches.

There are 6 dates and 6 destinations and we won't visit the same place twice. Our guided walks are sniffari's for the senses. After all dogs experience the world through their nose and they deserve lots of mental stimulation - so why not give them a new adventure to brag about at the local park.

You can choose the length of the trail you want to walk as Bella will be available to pick you up along the way. Chat and share stories as you wander through scenic trails - a chance to just breath and be in the moment.

Enjoy morning tea on board as we journey out to our mystery destination somewhere in Victoria. You have the option to purchase lunch of your choice at the pub we have chosen. Bella and our team will also be available to host pooch massages onboard if the weather is not playing nicely on the day.

We have done all the planning so all you have to do is bring your sense of adventure - oh and your dog!
