

Kambrook has just released the PowerMix Combo Stand Mixer; a handy two-in-one appliance which gives cooks more flexibility in the kitchen. This stand mixer and hand mixer in one is a great addition to any cook's toolkit and Kambrook believes it to be the best value stand mixer on the market. The turbo boost ensures the appliance is powerful enough to knead bread and the five speed control makes it gentle enough for even the most delicate tasks. The thoroughness of mixing and the smoothness of its operation make it a great appliance for any cooking or baking enthusiast. Ease of use, convenience and durability will win over busy cooks who appreciate the versatility of the PowerMix Combo. The tilt-head feature and generous sized stainless steel rotating mixing bowl make it user friendly and easy to clean. The chrome plated beaters and dough hooks guarantee perfect results. Having two appliances in one also means there is less need for storage space. This two-in-one, practical appliance would take pride of place in any kitchen whether whipping cream, cake batter or bread dough. The PowerMix Combo Stand Mixer makes a great gift for the pro cook and novice baker alike. Kambrook PowerMix Combo Stand Mixer (KMX200) \$59.95 RRP.
