

New website for Prestige Properties on the Redcliffe Peninsula

Exclusive website for the clients of Waterfront Properties Redcliffe, designed to maximise the sales of Prestige Properties in Redcliffe

Waterfront Properties Redcliffe, a leading luxury real estate firm on the Redcliffe peninsula, announce the launching of a new website exclusively for "Prestige" Real Estate in Redcliffe. The new website can be located at prestigepropertiesredcliffe.com.au and will be launched today.

"We've been fortunate to have been trusted to sell many of Redcliffe's premier homes," says Waterfront Properties Redcliffe CEO Kevin Bostock. "However, it's clear that the landscape is changing and becoming more competitive. So we set out to accomplish a place where premium Redcliffe properties can be shown exclusively to potential purchasers."

"It is always very exciting to launch a new website. Waterfront Properties Redcliffe definitely takes great pride in our online presence, and the way we focus on marketing luxury properties and providing a fast and seamless user experience on any device," said Kevin Bostock, CEO of Waterfront Properties Redcliffe. "Simply go to PrestigePropertiesRedcliffe.com.au and see for yourself," Bostock added.

The launch is part of a dynamic strategy to provide Waterfront Properties Redcliffe and their clients an exclusive portal to display their luxury properties to an audience of potential purchasers, within Queensland, Australia and the rest of the world. This website is only available exclusively for the clients of Waterfront Properties Redcliffe, and provides a significant advantage for sellers of prestige real estate on the Redcliffe Peninsula.

The entire Waterfront Properties Redcliffe team of Prestige Property real estate agents are available to guide you through the process of achieving the maximum price on your property.
