

Nexon Asia Pacific takes home Alcatel-Lucent Enterprise APAC Cloud Partner of the Year award for the second consecutive year

SYDNEY, AUSTRALIA – March 17, 2017 – Nexon Asia Pacific (Nexon) has recently taken home Alcatel-Lucent Enterprise APAC Cloud Partner of the Year award for its innovation, growth initiatives, and collaboration opportunities with Alcatel-Lucent Enterprise solutions over the past year.

An Australian cloud and managed service provider who delivers dynamic I.T. to organisations in the government, commercial and not-for-profit sectors, Nexon also received the same award in 2015 with its cloud offering, MA3, a dynamic cloud and consumption-based communication platform that is built on Alcatel-Lucent Enterprise's technology.

Achievement of this consecutive award demonstrates Nexon's commitment and dedication to fulfill customers' evolving needs to stay relevant in today's highly dynamic and mobile marketplace, as well as to distinguish itself as Alcatel Lucent's leading innovative partner in the region.

"With such a committed and successful APAC Partner Community it is with much pride that I congratulate Nexon on being named APAC Cloud Partner of the Year. Nexon continues to be a valued Business Partner as it innovates in the cloud and grows our mutual cloud channel. We look forward to more shared victories with Nexon in 2017", says Chris Downes, Channel Sales Director - Australia & New Zealand.

Nexon's cloud-based unified communications and collaboration solutions are tailored to meet the demands of the modernised workforce who needs flexible work arrangement, at the same time, be able to connect, and collaborate to deliver exceptional levels of customer service.

"To be awarded for the second time, the APAC Cloud Partner of the Year is an acknowledgement privilege for us at Nexon. As we prepare for the big shift in customer demand for unified communications and collaboration services in the cloud, Nexon is committed to work with clients across the country to ensure that they benefit from emerging collaboration technologies that befit their business environment and requirement," Tony Mahony, Queensland State Manager, Nexon Asia Pacific.

Nexon's MA3 delivers innovative tools, systems and solutions to allow businesses to securely connect, collaborate, and make smarter, faster decisions. By combining infrastructure and software, we deliver secure connectivity and productivity applications, unified communications and business continuity solutions to dynamics businesses who are on their digital transformational journey.

About Nexon Asia Pacific
