

Nourish & Nurture - The Natural Way

Embalm Skincare's Mel Driver To Hold Special 'Natural Beauty Workshop'

Embalm Skincare will host a special Natural Beauty Workshop to highlight how spa-quality skincare products can be made at home, the natural way!

The workshop will take place on Sunday 4th December 2016, with the option to attend either the morning session from 10.00am until 1.00pm, or the afternoon session from 2.00pm until 5.00pm. The venue for the event is the Townhouse Gallery, 36 Brisbane St, Launceston.

This hands-on workshop will be led by award-winning skincare creator and owner of Embalm Skincare, Mel Driver. Mel will use her knowledge of ancient civilisations and traditional techniques to show how the power of nature can be harnessed in a range of easy-to-make beauty products.

During the three-hour event, those in attendance will get the chance to make their own products to take home.

With the festive season just around the corner, the workbook (included in the ticket price) comes complete with instructions and methods on how to create a host of luxuriously lavish beauty products at home – ideal for gifts, or a little personal pampering after a day at the shops.

Drawing on her experience within the beauty industry, as well as her knowledge of ancient traditions, Mel Driver is looking forward to showing people how easy it is to create such products at home.

"I am really looking forward to showing people how to create everything from ingredients that can be found in the pantry, fridge or garden!" Mel said.

Tickets to the event are \$70 per person including recipes, ingredients and packaging, as well as wine and cheese.

What's more, 10% of ticket sales will also be donated to Share the Dignity. The not-for-profit organisation works closely with women looking to escape domestic violence, or are struggling with poverty, unemployment or homelessness.

With limited places available, those interested in attending should register their interest quickly to avoid disappointment. Tickets can be purchased via <http://www.townhousegallery.com.au>
