

ONLY 9 DAYS TO GO BEFORE THE MELBOURNE EXPO

The Educational Photo Expo

PMA

Listen to some of the best photographers in the country. Learn how to get quality audio from your DSLR. What camera gear to pack when travelling. How to "shoot" wildlife in darkest Africa. Get the low down on taking the best food shots and turning them into a stunning recipe memory book...move over "Masterchef".

Then talk to the experts on the exhibitor stands and see what products are now on the market. There is so much more at the Educational Photo Show in Melbourne.

There are prizes galore including a Nikon D610 digital camera donated by Nikon, a Nikon 1 V2 donated by digiDIRECT, a ProMaster Pro XC525 Tripod value \$299, a Tamron AF 18-270mm f/3.5-6.3 Di II VC PZD Lens value \$499, and many other vouchers and give aways during the day.

Make it a day for the family. Does not matter if you are a beginner or an experienced professional photography you will get something out of the day. Tickets to see the exhibitors are FREE and @5 to listen to a speaker session or the best buy is 5 sessions for \$80 saving a whopping \$45.

For more information about the Expo visit www.educationalphotoexpo.com.au or call 02 9686 3188
