

Presence of IT announces sponsorship of SAP HR Connect

Sydney, 12 August 2014—Presence of IT, a global leader in HR/Payroll and Workforce Management solutions announced today that it will be a Platinum level sponsor of SAP HR Connect. The conference is a part of the SAP All Cloud Connect Conference Series and will be held on 17 Sept at the Westin Hotel, Sydney.

The event will see industry experts, business leaders and peers come together to explore the solutions and strategies businesses need in order to attract and engage the best workforce talent.

As a Platinum sponsor of the event, Presence of IT will share with attendees best practices on how technology can support the growing demand for more effective people management.

Rob Scott, Presence of IT's Global Lead in HR Strategy & Innovation will be delivering a keynote on The Rise Of The Core: Insights Into The Critical Future Role of New Employee Master Data. The session will focus on the new types of data that are being generated by employees in their personal and work related capacity (via tools such as Social Media, Mobile, Gamification and Analytics), and how HR systems should be interacting with this information to stay competitive and support ongoing HR talent and analytic strategies.
