

# Rejuvenate your skin with HoMedics Radiance Microdermabrasion

Smoother, firmer, healthier looking skin in just 3 weeks

FOR IMMEDIATE RELEASE

JULY 2016

Rejuvenate your skin with HoMedics Radiance Microdermabrasion device for smoother, firmer, healthier looking skin in just 3 weeks

The HoMedics Radiance Microdermabrasion device uses salon grade diamond tips to exfoliate, whilst the vacuum massage removes dead skin and stimulates regrowth of the new layer of skin underneath, leaving you with a healthier, silkier more radiant looking complexion.

Diamond-tip microdermabrasion is one of the most advanced technologies in the market. The process is non-invasive, pain-free, and requires no recovery time. The 2x salon grade diamond tips included are ideal for normal and sensitive skin and 4 speed settings allow you to adjust the treatment to suit individual needs. Radiance delivers professional salon grade treatment and results in the comfort of your own home.

Radiance Microdermabrasion rejuvenates and hydrates the skin but can also assist with other skin conditions by decreasing blackheads, treating oily and enlarged pores, improving acne scarring and diminishing fine lines and wrinkles. Safe and gentle, it is perfect for face, neck and hands. Quick and easy to use, it is clinically tested to improve overall skin texture with 5 minute treatments, two or three times a week.

Now available in Shaver Shop, Myer and all good retailers. RRP \$249.
