

Ripple Massage and Beauty Makes Waves

Ripple announces expansion into NSW Central Coast

Australian owned mobile day spa Ripple Massage and Beauty is making waves by expanding their operations into the NSW Central Coast from 15th November. More information is at <http://www.ripplemassage.com.au>

With current operations servicing the Gold Coast, Brisbane, Byron Bay, Sunshine Coast and numerous Victorian, Sydney and Tasmanian regions, the expansion into the NSW Central Coast follows the company's strong growth over the last financial year.

Ripple has expanded right through the region, servicing popular destinations such as Terrigal, Gosford, Avoca Beach, The Entrance, Newcastle and Bateau Bay and all regions in between.

Ripple's Managing Director, Alison Shaw, is also optimistic about the outlook for Ripple over the year to come, as customers continue to look towards value-for-money luxuries.

"Despite the economic challenges of last year, Ripple still continued to grow strongly with a sales increase of over 15% on the previous financial year," said Ms Shaw. "We have found that with our client's increasingly busy lifestyles, the convenience of having the day spa come to you is very attractive to a lot of clients.

"With the therapist doing all the travelling, our clients simply need to relax and wait for their doorbell to ring, there is no parking, no traffic, no hassle," she continued. "The best part is just relaxing afterwards and enjoying the after effects of the massage."

Ripple provides a unique mobile day spa service to women, men and couples throughout South East Queensland, Northern New South Wales and Victorian regions, Sydney, Tasmania and now the NSW Central Coast. Professional therapists are on hand to visit your home or hotel room and tailor your individual experience – allowing you to relax and unwind in the comfort of familiar surroundings.

Clients can indulge in an abundance of unique massages including the Chocolate, Honey, Russian, Hot Stone and Sea Shell Massage, and tailored packages for men, women and couples. Ripple also offers a wide range of luxurious beauty treatments such as manicures, pedicures exfoliation and facials.

For more information on Ripple or to make a booking please phone 0438 567 906 or visit the website [http:// www.ripplemassage.com.au](http://www.ripplemassage.com.au)

Ripple would love to offer any interested journalists one of our spa treatments to try out. Please email Alison at alison@ripplemessage.com.au if you are interested.
