THE BIGGEST CRASH IN WORLD HISTORY IS COMING says ROBERT KIYOSAKI

BIGGER CRASH THAN THE GREAT DEPRESSION

PROPERTY TO PLUMMET BY 50%

STOCK MARKET DOWN BY 85%

CATASTROPHIC UNEMPLOYMENT

MASSIVE BANKRUPTCIES

PENSIONS IN SERIOUS TROUBLE

World-renowned bestselling Rich Dad Poor Dad author and personal finance expert Robert Kiyosaki, will be headlining SECURE THE FUTURE, a free livestream seminar on Sunday 24th May to discuss the future of the economy and how to profit from the massive changes ahead. Free registrations are available at www.robertandharry.com

Kiyosaki says " This is the biggest crash in world history but there are more opportunities than ever before. As Warren Buffet said only when the tide goes out do you see who has been swimming naked. Once the tide goes out there will be lots of bodies left. Prices will come down."

Joining him will be the world's most accurate economic forecaster Harry Dent and expert Australian property analyst Martin North who will discuss massive global unemployment, crashing stock markets, plummeting property prices and bankruptcies and the opportunity of a lifetime in the next 12 months to make generational wealth. The seminar will reveal insights based on real research that can't be found anywhere else as well as provide the answers to how to make extreme profits from the current global crisis. Robert Kiyosaki says "As we face the biggest meltdown of the world's economy, bigger than the great depression, I believe the iPhone is one of the greatest tools for any entrepreneur because no matter where you are based, you can market to the entire world."

Free registrations are available at www.robertandharry.com and the chance to gain the research-based, expert information needed to prepare, protect and potentially profit from one of the biggest profit opportunities in a century, what Harry Dent calls "The Sale of a Lifetime."

ABOUT ROBERT KIYOSAKI

Best known as the author of Rich Dad Poor Dad—the #1 personal finance book of all time—Robert Kiyosaki has challenged and changed the way tens of millions of people around the world think about money. He is an entrepreneur, educator, and investor who believes the world needs more entrepreneurs who will create jobs. With perspectives on money and investing that often contradict conventional wisdom, Robert has earned an international reputation for straight talk, irreverence, and courage and has become a passionate and outspoken advocate for financial education. Robert has been heralded as a visionary who has a gift for simplifying complex concepts—ideas related to money, investing, finance, and economics—and has shared his personal journey to financial freedom in ways that resonate with audiences of all ages and backgrounds. His core principles and messages—like "Your house is not an asset" and "Invest for cash flow" and "savers are losers"—have ignited a firestorm of criticism and ridicule... only to have played out on the world economic stage over the past decade in ways that were both unsettling and prophetic.
