Sammy's Hair Grooming - Now Open in Melbourne Australia

Sammy's Hair Grooming is now open in Melbourne Australia, located at the prestigious KELVIN CLUB in the heart of the city. Offering master barber services for the discerning man!

## OUR STORY

Our founder, Mr. Sammy Bouayad learnt his craft in Morocco, mentored by traditional, old school artesian barbers in the cosmopolitan city of Fes.

Sammy's impeccable attention to detail and styling attracted royalty, literally! In 1989, he was appointed as the personal hair stylist to the Saudi Royal Family!

A move to New York City in 1999 to further his skills established Sammy as a highly sought after International Master Stylist in Manhattan. With a client list including New York's 'Rich & Famous', international models, heads of state, celebrities, movie stars, music legends and sporting icons, Sammy's reputation as a true Master of his profession blossomed.

Welcoming all discerning clients now in Melbourne!
