

Say goodbye to warts and skin tags naturally

Removing warts and skin tags doesn't have to be painful or messy, thanks to Neat Feat's new Natural wart and skin tag remover gel.

You can rest assured that what you are putting on your skin, and often most sensitive areas, is 100% natural and safely removes both warts and skin tags, in adults, and children from 6+ years of age.

Best of all Neat Feat Natural Willow Wart Wart & Skin Tag Remover Gel achieves extraordinary results, and is one of Neat Feat's most popular natural products as customers become increasingly aware of choosing natural alternatives.

What is a wart?

Warts generally appear on your hands, knees, or the bottom of your feet and are hard bumps that lie deep in the skin. Although they may be smooth on top, they're thick, scaly, and callus-like underneath.

A wart is actually a virus that lives in the skin cells and if you don't get rid of the virus, you won't get rid of the wart. So you have to treat it long enough to kill all the skin cells that contain the virus, which is where Neat Natural Willow Wart comes into play. With regular application (it usually takes 7-10 days) It kills both the wart and the virus with no pain or down time.

What is a skin tag?

A skin tag is a small flap of tissue that hangs off the skin by a connecting stalk. They are usually found on the neck, chest, back, armpits, under the breasts or in the groin area. Skin tags are not dangerous and while they are usually painless, they can become irritated, which is when they will need to be removed.

Neat Feat Natural Willow Wart Wart & Skin Tag Remover Gel is a quick, easy and effective at-home treatment, that doesn't burn, unlike other brands that can cause an uncomfortable burning sensation, so is the perfect solution for wart and skin tag woes.

Neat Feat Natural Willow Wart Wart & Skin Tag Remover Gel: RRP: \$17.95

TGA approved to help decrease, reduce, relieve and remove warts (including plantar warts) and skin tags naturally without the use of harsh toxic synthetic chemicals that can damage skin tissue, causing irritation and inflammation.

It is 100% natural, comprised of plant extracts, and based on a formula traditionally used for centuries in Homeopathic & Herbal Medicine. It is a perfect alternative to use on children from 6 + years of age who suffer from plantar warts on their hands, as it doesn't burn, unlike other brands that can cause an uncomfortable burning sensation.

The natural active ingredients that make it so effective are:

(1) Salix Alba (Willow Bark Extract) used in the natural treatment of calluses and warts and skin tags. Salix Alba extract contains natural salicylic acid,

which when used topically gently removes warts and skin tags.

(2) The Homeopathic Thuja Occidentalis (White Cedar Oil Extract) works on a variety of skin conditions and ailments but is best known to treat skin conditions which include Warts, Skin Tags, oily skin, dry skin and other related skin conditions.

(3) Filinpendula Ulmaria (Meadowsweet Extract) also contains natural salicylic acid, which is a natural exfoliator and acts as an anti-inflammatory, it also contains other natural ingredients that assists with other skin conditions such as skin redness, itchiness and rashes, including wart and skin tag removal.

(4) Natural Apple Cider Vinegar: the properties held by apple cider vinegar include antibacterial, antifungal, antimicrobial, antioxidant and astringent, all beneficial to the skin. It adjusts the pH of the skin so it becomes an inhospitable environment that warts & skin tags cannot exist in and assists with their removal.
