

Sony Xperia M5 E5663 Dual SIM 16GB 4G LTE – The Powerful Android Smartphone with 5.0-inch Screen, Octa-core CPU, 21.5 Rear and 13MP Front Cameras!

Now available unlocked and online

Sony Xperia M5 is the latest addition to company's famous Xperia M series, featuring high-end specs wrapped in a very stylish 7.6mm bar-form design. Released in 2015, the handset showcases a large 5.0-inch IPS LCD capacitive touch display supporting 1920 x 1080 pixels resolution, 16M colours and a 441ppi pixel density, with scratch resistant glass material to provide an amazing protection on the go.

In terms processing power, the new smartphone is powered by a mighty Octa-core 2.0GHz Cortex-A53 processor together with 3GB RAM that produces super-fast speed for heavy multitasking and seamless web browsing. The Google's Android OS v5.0 (Lollipop) comes preloaded on its 16GB internal ROM, with memory expansion up to a whopping 200GB via microSD card slot.

On the back, there's an exciting 21.5-megapixel camera with lots of interesting features including LED flash, autofocus, geo-tagging, Image stabilizer, SteadyShot, HDR and panorama. Moreover, the 13MP front-facing cam makes sure you get stunning selfies and allows video calling with your loved ones.

Other prominent specs of Sony Xperia M5 include – 4G LTE network support, Dual SIM functionality, DLNA Certified, Bluetooth v4.1, 3.5mm audio jack (CTIA), Native USB tethering, USB High speed 2.0, Google and SyncML, GLONASS, NFC and a 2600mAh battery.

The Sony Xperia M5 E5663 is now available in stock and can be purchased online from Yatango Shopping with full local warranty and support.
