

# Star Business Solutions Acquires Frank Int Greentree clients

Star expands into QLD, NT & Pacific

Frank Int. (<http://www.frankint.com/>) has decided to withdraw from representing Greentree as an authorised Business Partner. Frank Int indicated that they would be concentrating on other business activities. As a result, Star Business Solutions (<http://www.starbusinesssolutions.com.au/>) has acquired Frank Int's Greentree client base and as a consequence will now have offices in Victoria, New South Wales, the Australian Capital Territory, South Australia and Queensland. Clients will also extend into Tasmania, the Northern Territory and Pacific Island regions.

Star have been a strategic partner of Greentree for nearly two decades and will continue to offer a full range of product, consulting and development services for the Greentree business solution. Star has been awarded Greentree's Australian Partner of the Year each year for a number of years.

Star Business Solutions is also a Value Added Developer of the Greentree product and has a very experienced in-house development team.

To ensure continuity of service and support to Frank Int clients, Star has engaged select former consulting staff to continue providing Greentree consulting and support services who will have the backing of Stars team of consultants and support staff as well as our development team.
