

# Star Business Solutions Expands and moves Adelaide Office

Bringing more to Business & Accounting Software

Star Business Solutions opened its first Adelaide office in May 2010 at 91 King William Street Adelaide. They have now outgrown this office space and are proud to announce a move to larger premises. Star's new office is located at 85 Tapleys Hill Road Hendon. The location was chosen to be more central to many of their clients. The new office will have room to expand, for meetings and most importantly a dedicated training room. With this new facility Star will be able to conduct more off site training in a controlled environment. Norman Hall Director - Marketing [www.StarBusinessSolutions.com.au](http://www.StarBusinessSolutions.com.au)
