

# Star Business Solutions Expands its Programming Capacity

Rasini Ninalarantne has joined Star's Programming and Development team.

Star Business Solutions is proud to announce that Rasini Ninalarantne has joined our Programming and Development team. Rasini holds an Engineering degree [with Honors] along with various other technical certifications. As an experienced Analyst ERP programmer, she has dealt with ERP, EAM, SCM, Financials, PM, SM and MRO, enabling her to appreciate end client needs from the big picture down. Her knowledge of various key technologies such as: SQL, .NET, Oracle and Citrix to name just a few ensures that she fully appreciates the demands of integration and development projects.

This team expansion adds additional capacity to Star's ability to meet client needs.

Star Business Solutions is a market leading organisation assisting mid tier businesses and Not For Profit organisations effect change through the update and implementation of leading edge business management and accounting software solutions. Star has offices in Melbourne, Sydney, Canberra and Adelaide and believes that their business solution software partner, Greentree, is the best locally developed integrated business management & accounting software package in it's market segment with Financials, Distribution, Job Costing, Manufacturing, Supply Chain Management, CRM, HR/Payroll, eCommerce, Report Writer, Workflow and Business Process Management. Star's goal is to provide services and solutions that constitute clear, measurable value which will validate each client's choice to partner with them.
