

STOP PRESS: Brisbane Home Show achieves record breaking results!

Exhibitions are back and stronger than ever.

Good news for events in Australia! We're excited to be sharing a good news story that gives all our exhibitors faith that exhibitions are well and truly attended by qualified visitors. This weekend, 17,717 visitors flooded to the Brisbane Convention and Exhibition Centre for our COVID safe Brisbane Home Show. Every exhibitor had a great show, with many reporting record sales. That's saying something for an event that's been running for 40 years!

This strong quality attendance confirms that Australians are keener than ever to attend events. As people have more freedom to move about with restrictions easing, consumer confidence and spending is on the uprise. (Read more) The attendance to our Brisbane Home Show last weekend confirms all of this.

It's time for us to get back to business!

Audiences are ready to buy.

Businesses that are not already exhibiting in one of our events this year should enquire about booking a stand.

We look forward to welcoming Australian businesses back to our popular events to be part of the success story!
