

SYSPRO ERP Software Ranks Top 10 in G2's Fall 2020 List of Highest Rated ERP Systems

Sydney, November 24 2020 – SYSPRO, a leading global provider of ERP software, has been recognised as one of the top ten ERP Software solutions within the G2 list of Leaders of ERP Suites Software. SYSPRO outranks several well-known industry leaders when it comes to ease of use, quality of support and the ease of doing business.

According to G2.com, Inc. the best ERP Suites Software products in the Leaders quadrant are rated according to user satisfaction. Reviewers submit their satisfaction scores based on ease of use, requirements met, business practices and vision, administration satisfaction, and how likely they are to recommend their product.

“As a customer centric business with deep industry experience, we are driven to deliver superior service and industry specific functionality for Manufacturers and Distributors. Ranking highly in the areas of customer support, ease of use and ease of doing business is a validation that our approach of focusing on the customer’s ultimate success is on track,” says Paulo De Matos, Chief Product Officer at SYSPRO.

Customers reviewing SYSPRO on the G2 site can attest to SYSPRO’s top ranking as a full end-to-end solution for its customers. One customer describes SYSPRO as powerful ERP for manufacturing, stating that “having all of our business lines, and departments in the same system is extremely beneficial.

User management is pretty straightforward, being able to copy profiles to a new user is very helpful.” Another customer acknowledged SYSPRO’s support structure, stating, “The support team is quite effective in responding to our requirements, successfully solving the problems that arose during its use.”

G2 is a well-known technology marketplace where businesses discover, review, and manage technology to make smart buying decisions. For more information, or to view G2 Crowd’s Top 20 ERP Systems, please visit: https://www.g2.com/categories/erp-systems?tab=highest_rated
