

Tallwood Constructions Celebrate 20 years of HIA Membership

Tallwood Constructions is pleased to announce its 20-year membership of the Housing Industry Association, the official voice of Australia's residential building industry.

Established in 1998 by Managing Director Alex Campbell, Tallwood Constructions continue to be one of Western Australia's finest building companies. Over the last 20 years, Alex and his team have developed a reputation for designing and building award-winning architectural homes as well as major renovations and additions in Perth and the South West. With a particular emphasis in difficult sites and knock-down rebuilds, they champion innovative design and remarkable construction methods.

Throughout this journey, Alex has recognised the importance of maintaining a HIA membership. Through the association, he and his team are kept informed of the industry's latest developments, including popular trends and materials, and can ask for expert advice. Their craftsmanship and ingenuity has also been recognised through regional, state and national HIA awards, having received 57 awards over the last nine years.

With 20 years of experience behind them, the Tallwood Constructions team have the expertise, wisdom and skillset to bring your dream home to life. Together with the HIA's backing, you can rest assured the end product will be of the highest standard.
