

# The best spring-inspired skincare product this year: Samson & Charlie offers Insta-worthy luxe

Splash into spring with a fruity, antioxidant elixir blending Watermelon, Kiwi and 24 karat pure Aussie gold

Shake up your skincare regime this spring with the skin-saving antioxidant power of Watermelon and Kiwi seed oil with Famous: A blush pink fruity elixir infused with real gold.

One sniff of Samson & Charlie's lightweight FAMOUS 24k Glow Facial Elixir will transport you directly onto a bright yellow pool toy, floating around a resort pool with pina colada in hand. It's a summer holiday in a bottle. Delicate watermelon, blueberry and kiwi fruits blend with Pink Lotus, Rose, Neroli and Champaca for a sweet, springtime medley of fruity, floral goodness.

Now is the perfect time to ditch existing winter skincare regimes for lighter yet effective product and Famous is the answer. Vitamins C, B and E, as well as Omega 3 & 6 simultaneously provide an anti-inflammatory barrier to protect skin from free radicals inflicted on skin by the powerful Aussie sun. Pure gold works as a powerful anti-inflammatory too, enhancing Famous' skin-loving effects.

Springtime face oils need to be lightweight, and the Famous vegan and cruelty-free elixir is exactly that. Delicate like a serum, but deeply hydrating like an oil, Famous works perfectly under makeup and even under lipstick.

Forget those heavy winter face oils, an elixir is the answer to spring and summer skincare dryness and irritation. Anti-ageing and deeply hydrating in a stunning glass bottle, Famous 24k Glow Facial Elixir is the most Insta-worthy product this spring.

Famous 24K Glow Facial Oil

30ml RRP \$89.95
