

The Most Advanced All-in-one Hair Removal and Beauty System is here

The Duo Pro by HoMedics

FOR IMMEDIATE RELEASE

JULY 2016

THE MOST ADVANCED ALL-IN-ONE HAIR REMOVAL AND BEAUTY SYSTEM IS HERE

The Duo Pro, by Homedics features the combination of both the Intense Pulse Light (IPL) and Freeglide™ Technology to offer you two superior treatments for your skin in the one, compact device. The Duo Pro prevents the regrowth of hair and also enables you to reduce fine surface lines. Skin feels noticeably smoother and is visibly rejuvenated.

For hair removal, the Duo Pro offers Freeglide™ Technology to give you a fast and easy treatment for hair reduction, as it simply glides like a shaver over the skin. This is ideal for larger areas such as legs, and great for sensitive skin. While the IPL Technology provides a high-power, one touch control for areas with thick dense hair such as underarms and bikini.

The skin rejuvenation treatment also uses the IPL technology to leave your skin looking and feeling smoother. This rejuvenation system uses the pulsed light (up to 30,000 flashes) to stimulate the production of new collagen fibres, that give tone to skin, and even out wrinkles so your skin will appear brighter and more luminous. Some common skin conditions like pigmentation, spotting, and redness can be treated using IPL.

Designed to fit comfortably into your hand and glide over the skin the Duo Pro system is as light as a feather, with one touch, perfect control. The Duo Pro boasts a Skin sensor for maximum safety, replaceable cartridges and also works for male back and chest hair removal. Both the hair removal and skin rejuvenation treatments are highly flexible, can be tailored to different parts of the body and are suitable for different skin tones.

Safe, cost-efficient, durable & easy to use, it's time to say goodbye to expensive salon visits for professional treatments. Clinically tested for long term results, see results in just 10 minutes per day all from the comfort of your own home. The Duo Pro is now available in Shaver Shop, Myer and all good retailers and comes with 120-day money back satisfaction guarantee and 2-year warranty. RRP \$549.
