

TOP NATURAL HEALTH MAGAZINE SELECTS 2016's BEST NATURAL BEAUTY PRODUCTS

EMBALM HAND & BODY WASH HIGHLY COMMENDED

LAUNCESTON, Australia—December 1, 2015—Nature & Health Magazine, widely-recognised as Australia's leading provider of information on natural therapies and alternative healthcare, has announced the winners of their ninth annual natural beauty awards. The magazine highly commends Embalm Skincare's Hydrating Hand & Body Wash as a top product for 2016.

Specially formulated with shea butter, honey and Vitamin E, Embalm's Hydrating Hand & Body Wash cleanses like soap but feels like a lotion. While gently cleansing and moisturizing the skin, the body wash promotes cell regeneration. The essential oils, including tangerine, blood orange, lemongrass, patchouli and spearmint produce a refreshing sensation.

Embalm Skincare founder, Mel Driver, says "The Hydrating Hand & Body Wash leaves you feeling energized from head to toe. The natural ingredients create cell regeneration which makes for healthier-looking and feeling skin and the essential oils uplift the body, mind and mood."

The Hydrating Hand & Body Wash comes in a 250ml bottle and retails for \$39.95. It can be purchased on the brand's site at www.EmbalmSkincare.com.au
