

## TURON GATES PITCHES SIX NEW RIVERSIDE GLAMPING TENTS

*Stylish bush retreat brings deluxe, adults only glamping to the Blue Mountains*

Leading NSW bush retreat Turon Gates has added six new riverside, self-catering glamping tents to its 6000-acre Blue Mountains property.

The spacious new 50 sqm tents feature sophisticated neutral-toned teak and canvas interiors and combine rustic quality and functionality to stunning effect. It's a beautiful place in the wild for grownups.

Adventure in style.

Furnishings include a sumptuous four-poster bed plus daybed and lounge area, elegant contemporary bathroom (with a tempting bath for two), kitchenette with Nespresso coffee machine and a Danish wood burner stove for cosy nights.

Turn on or turn off at Turon

A welcome gift of local wine and honey, complimentary toiletries, and an in-tent selection of magazines, books and board games, create an instantly chillaxed vibe.

All Turon's glamping tents have a large outdoor deck with comfy day loungers and overlook the clear trout stream running through the property. The tents are fully insulated and have window coverings that unroll for extra breeze and views - the perfect recipe for a romantic night under the Turon stars.

Kirsten Lunoe of Turon Gates says, "We are excited to bring couples' glamping to the Blue Mountains and believe it will appeal to those looking for a unique experience within easy reach of Sydney.

"Our new glamping tents offer urban escapees a unique outdoor experience in an authentic bush setting. A scenic road trip of about three hours from Sydney immerses you in the great outdoors, where you'll be sharing the 'hood with kangaroos, wombats, platypus and echidnas.

"Our guests love that they can choose to go bush horse riding or have an in-tent massage. Bush walks, canoeing or just chilling out are also popular at Turon. If guests then want to venture out and explore local happenings, Katoomba, Mudgee, Bathurst and Lithgow are within easy reach, but the magic of Turon tends to stop the urge to venture elsewhere," adds Kirsten.

The new offering at Turon Gates includes The Pavilion, a unique event glamping tent accommodating up to 100 seated or 150 standing guests for special gatherings, corporate & wellness retreats.

In keeping with its commitment to all things sustainable, Turon Gates is solar powered. If you'd rather not do a digital detox, Wi-Fi is available around the glamping site to keep you connected and able to share your Turon experience.

For more information about Turon Gates including accommodation options, prices and availability visit: <https://www.turongates.com/>

A few facts...

Glamping prices are from \$231 per night.

Dogs are welcome in the cabins at Turon but sadly not in these flash tents!

The tents are self-catering.
