

Unisite - The Leading Provider of Grandstands and Spectator Seating

Unisite offers safe, comfortable, and accessible spectator seating, including grandstands and choir risers, making them ideal for use in school sports grounds and community sporting grounds.

Unisite provides outdoor furniture that can be enjoyed today and appreciated for a lifetime. The company offers safe, comfortable, and accessible spectator seating, including grandstands and choir risers, making them ideal for use in school sports grounds and community sporting grounds.

They have a range of solutions to suit all needs, in a variety of widths and tiers. Unisite's grandstands come in 2, 3, and 4 tiers, with widths that can be totally customised up to 6 metres, making them suitable for a wide range of applications from school grounds to swimming pools, local sports grounds to recreation centres.

The grandstands are engineered to offer maximum stability and safety for users, while being comfortable and aesthetically pleasing. Furthermore, the grandstands are designed with rounded edges to reduce and eliminate injuries.

Unisite's entire spectator seating range is made with weatherproof materials, making it especially suited to Australia's harsh weather conditions. Furthermore, the design makes the seating both versatile and mobile.

Unisite's collection also includes a full range of street, park and school furniture, making it your one stop shop for quality products and excellent service.

Unisite's furniture range has been designed in such a way that it blends in and enhances its surrounding area. The company is also proud of their eco-focus and is proactive in both re-defining how the outdoors is designed, and adopting green practices in their own operations. Furthermore, Unisite offers a range of environmentally friendly products that are fully made from recyclable products.

Unisite considers their customers as lifetime partners, with their clients ranging from local councils, schools, and architects. The company works with their clients in all stages, from planning and design, to supply and installation, and finally maintenance and care. Unisite aims to create inviting outdoor spaces for people to come together to meet, eat, relax, and play. They continuously provide Australia's most robust and durable outdoor furniture solutions inspired by international trends and developments.
