

## Urban Gourmet - Top Caterer In Town

The Urban Gourmet catering ethos is that they treat every event differently and they consult with every client personally.

Last year Urban Gourmet became the official caterer for Auckland Conventions venues, namely, the Auckland Town hall, The Civic and The Aotea Centre. These incredibly diverse and distinctly unique spaces host some of the city's most exciting events, from award ceremonies and seminars through to gala dinners and balls. This means that the Urban Gourmet team have access to some larger spaces where they can demonstrate their creative catering style to a whole new collection of venues.

The Auckland Conventions venues join their list of other iconic Auckland venues where they have preferred caterer status, including the Auckland Art Gallery, Auckland Museum and Viaduct Events Centre. It would be correct to surmise that they have been selected to cater these venues because of their unique 'bespoke' approach to catering. The Urban Gourmet catering ethos is that they treat every event differently and they consult with every client personally. They don't have 'off the rack' catering packages and they work with every customer, coming up with a personal proposal and a bespoke menu that best fits their needs, and which best suits the venue. This makes for a much more individual event and makes things so much more interesting for everyone, including the fabulous Urban Gourmet team.

Due to all of these changes and to their unprecedented growth over the past year, the Urban Gourmet catering business has moved their premises to a much larger space based in Eden Terrace. They have completed a complete fit-out of a new kitchen space which is approximately four times the size of their old catering kitchen.
