

USB Wall Socket Version 2 Release black aluminium socket now available

USB wall socket are the original socket another one called usb socket is not ours.

Gain a competitive edge over your competition by providing a cutting edge product that today's consumers want and need.

Introducing the future of power sockets. Leading the industry with our patented, USB Wall Socket. www.usbwallssocket.com.au leaves you with a double GPO as well as two added usb sockets. Our socket is patent approved in Australia and New Zealand. More products are being charged by USB input from mobile phones to power tools... so if not every socket then at least every dwelling should have at least one by their bed side table, in their bathroom and in their kitchen.

Our wall sockets retro fit into any existing GPO and are available in various colours. <https://www.usbwallssocket.com.au>
