

Verbatim announce new additions to Multimedia Accessory Range

Two great new multimedia headsets for your listening pleasure!

Verbatim Australia, leaders in high-quality data storage products and computer accessories continue to expand their product line up, with the announcement of two new models in their multimedia headset range. Designed to meet the growing audio requirements in the computer and multimedia industry, these headsets offer superior quality and reliability at an affordable price. Super Deluxe Multimedia Headset with Microphone (P/N 41831) Designed for the serious Internet user, this headset extends the boundaries of style, comfort and sound quality. The padded adjustable headband and luxury cushioned ear pieces guarantee total comfort. Other features include an adjustable gooseneck boom microphone for greater clarity and a convenient cord-based remote volume control and on/off switch, making them an ideal accessory for the home and office. Powered by soundcard, the headset is the ultimate in Internet communication! Mono Multimedia Headset with Microphone (P/N 41832) Functional, compact and lightweight, this headset allows the user to keep one ear free, enabling effective communication within an office or home environment. Features include a comfortable cushioned earpiece providing long-term comfort, a robust adjustable microphone boom and soundcard powered capabilities. The ultra modern design combines performance and style and makes this headset a fashionable and functional accessory. Pricing and Availability Both models of multimedia headsets are now available from authorised Verbatim resellers nationally. The Super Deluxe Multimedia Headset with Microphone (Model 41831) retails at \$39.95. The Mono Multimedia Headset with Microphone (Model 41832) has a RRP of \$14.95.
