

Winning Duo – Winter Skincare Must Haves Keep your skin soft, healthy & hydrated this winter Media Release - 10 April 2019 As the weather begins to cool down it can only mean one thing, winter is just around the corner and with it often comes cracked lips and dry skin. Your skin shouldn't have to suffer as the weather changes; taking extra care to protect your skin this winter is easy with the dermaviduals' hydrating Lip Balm and protective Süüsmoon Lotion N. Co-Managing Director of dermaviduals Simone Vescio says, "In winter, sebaceous glands dramatically slow the production of sebum, which weakens the skin barrier. Our barrier is what protects and prevents skin from drying out. To counteract this, we recommend using our Süüsmoon Lotion N and Lip Balm, specially formulated to strengthen the skin's natural defences and safeguard skin and lips from dehydration." Reika Roberts, Co-Managing Director of dermaviduals adds, "Whether you are hitting the ski fields or just needing the extra protection with the change of weather, add our Lip Balm to your night time routine and let this product work its magic overnight. Give your skin the extra attention it deserves with one of our beloved Süüsmoon Lotion N hydrating mist." Lip Balm RRP \$39.00 – The number one winter must-have to hydrate and repair dry, cracked lips and maintain healthy lips. Formulated with natural waxes in the form of shea butter, bees wax and propolis, the dermaviduals Lip Balm is transparent without pigment to give lips rich, nourishing protection. Provides a superior protective barrier to heal and repair dry and cracked lips leaving them feeling soft and supple all day long. Süüsmoon Lotion N RRP \$52.00 – Effectively restores the skin's natural oil balance and acts as a barrier to support the prevention of dry and neurodermitic skin. Süüsmoon Lotion N contains natural vegetable oils, essential fatty acids and vitamin F to regenerate and promote smooth and hydrated skin. Simply apply the mist to the body, face and hands to keep the areas prone to drying out nourished and protected. Made with pure, natural ingredients, all dermaviduals products are free from emulsifiers, preservatives, fragrances, mineral oils, silicones, dyes and amines, so you can be sure there are no nasties in your skincare routine. dermaviduals is now available in over 170 clinics across Australia. The range includes cleansers, serums, face and body moisturisers, and bespoke mineral makeup. www.dermaviduals.com.au @dermaviduals #dermaviduals For further information, images or to set up an interview please contact 360 PR: (02) 9571 4448.
