

World Class Flower Meets World Class Music

Wa: Melbourne Ikebana Festival is proud to present Ikebana artist Shoso Shimbo in concert with the Grigoryan Brothers

Shoso is an award-winning floral artist and sculptor with over 30 years experience as an Ikebana practitioner. After completing Ikebana demonstrations in Japan, Germany and Romania in 2018, in this show he brings together his sculptural skills and his deep knowledge of floral design to create an installation in real time in front of the audience.

Recognised for their “uncommon originality and authority” (The NY Times), the Grigoryan Brothers have received 3 ARIA awards and 24 ARIA awards nominations. They will select a program specially for this event from their broad repertoire embracing genres such as classic, jazz and contemporary music.

The intimate nature of the Primrose Potter Salon makes it the perfect venue for this event. The audience can see the skill of the Grigoryan Brothers as they play, and witness the final work emerging over the performance as Shoso brings the elements together.

This once in a lifetime event is a must see for lovers of fine music and art.

Wa: Ikebana Performance with the Grigoryan Brothers
