

# World's best success event brings world's best success trainer, Tony Robbins, to Melbourne

Sydney, Australia, 24 February, 2020 - This April in Melbourne, the world's leading success event, the National Achievers Congress brings you the #1 life and business strategist, Tony Robbins. Now celebrating 26 years, this event has helped launch and grow more successful entrepreneurs' careers around the world than any other seminar.

Headlining this event on 16-17 April, at the Melbourne Convention and Exhibition Centre will be World's #1 Life & Business Strategist, Tony Robbins. The packed program of speakers also features AFL Women's Footballer and Boxer, Tayla Harris; businessman and best-selling author, Michael Crossland; coach and author, Kemi Nekvapil, and more.

Just last year, Success Resources brought the National Achievers Congress on a global tour to 24 different cities, attended by over 150,000 people. Priced to be easily accessible, the seminars feature learning from the world's best influencers and entrepreneurs and reveal what audiences must know now to excel in business and in life.

"We are very excited to bring Tony Robbins exclusively to Melbourne for the NAC this year. It's his first time speaking in the culture capital in 3 years. We've answered the call of our many clients who have not yet seen him come to Melbourne.

To learn from Tony at such an affordable price point is a no brainer for our clients, in just a month of promoting the event, tickets are almost 85% sold out. For our audience, NAC, serves as an intro to Tony's lessons before they invest more time and money into his more intensive programs where the minimum is about 50 hours.

- Michael Lane, Director Success Resources
