

Your brand deserves equal amounts of passion!

Brand Ambassadors

Have you ever thought to yourself, my brand or product is the best in the business, it outshines the competition and is at its full promotional potential. Although we can tell you the first two are correct (you're killing it by the way) the last one is false, there is always room for promotional growth and genuine, well established brand ambassadors are that little pot of gold at the end of your businesses rainbow. AMS Promotions know promo and ways to put an extra zero on that annual revenue for you.

Our staff are not only personable but love to promote anything and everything. After being given a brief and run down by us or yourself, they go to work, putting in the extra yard and putting an extra smile on your customers faces.
